

UC offers preferred pricing on pet insurance through [Nationwide](#). All UC employees who are eligible for **Full**, **Mid**, **Core**, and **Retiree** benefit coverage can enroll in pet insurance.

You can enroll in pet insurance at any time — not just during Open Enrollment — and your coverage will be effective approximately 14 days after your application is approved by Nationwide. Premiums vary depending on your type of pet and where you live, and you'll pay your premiums directly to Nationwide. Pre-existing conditions are excluded from coverage. All requests for enrollment are subject to underwriting approval by Nationwide.

Enrollment is completed directly through Nationwide and does not appear in the UCPath system.

Learn more and enroll on the Nationwide website at petinsurance.com/uc. To enroll in coverage for your bird, small mammal, reptile or other exotic pet, or to speak to a representative, call **Nationwide** at 877-738-7874.

Visit [UCnet Pet Insurance](#) for more information.
